Dear Mr. ~~Oringel~~, *Herb*

Thank you for participating in my Forum on Energy as a panelist on June 8, 2011. I greatly appreciated your participation and believe that everyone benefited from your presence on energy consumption. The event was a success and those who attended undoubtedly learned a great deal from the discussion. I am already hearing positive feedback from those who attended.

I will send a DVD copy of the discussion when the copies arrive. Feel free to share it as you see fit.

Thank you once again for participating in my forum.

Sincerely,
