The Town of Somers Dept. of Parks & Recreation welcomes you to Koegel Park.

This "passive" recreation area is a hill, covered by 66.5 acres of woodland, preserved and maintained for your use and enjoyment.

Please use caution when walking in the park. Although every effort is made to keep it safe, Koegel Park is largely in its natural state, presenting some steep slopes to the walker.

For your safety and to protect our woodland, please stay on marked trails and walkways.
